Many people use social networking sites like Twitter, WhatsApp, Facebook and Instagram to communicate with each other. These sites have made communication easier and faster. They give you the chance to express your ideas, thoughts and feelings freely to your friends and followers. The most popular site is Facebook. More than one billion people use Facebook all over the world. It helps you to share news and events with your friends. You also can make videos and share them live. The problem is that a lot of people, especially young men and women, spend too much time using it.
